

ConocoPhillips Savings Plan

HIGHLIGHTS

The ConocoPhillips Savings Plan provides a competitive benefit that gives you the flexibility to reach your future financial goals.

- **You are immediately eligible to participate.**

You are immediately eligible to participate in the Savings Plan if you are an employee on the direct U.S. payroll of ConocoPhillips.

Participation is voluntary, and you must enroll with Vanguard in order to receive company contributions.

- **Company contribution.**

When you contribute a minimum of one percent of eligible pay each pay period, a six percent company match will be deposited to your Savings Plan account.

When you contribute a minimum of one percent of your eligible pay each pay period, you may also be eligible for any additional company discretionary contribution, which may range from zero percent to six percent and is based on factors such as company performance and market conditions. The target for the company discretionary contribution is three percent. The company discretionary contribution will be reviewed twice a year for the January – June and July – December periods and deposited as a lump sum into your account according to your Savings Plan investment choices.

- **You can contribute more than one percent.**

Subject to various IRS limits, you can contribute up to 75 percent of your eligible pay on a before-tax basis, after-tax basis, Roth 401(k) basis, or a combination of all three. Your contributions and the company match will be invested according to your contribution investment election.

- **You have flexibility in investment decisions.**

You can change the way your account balance and future contributions are invested at any time.

- **You are always 100 percent vested in your account balance.**

When you enroll in the Savings Plan, you are immediately fully vested, even in the company match and any company discretionary contribution.
